AFGHAN WIRELESS BRINGS 3.75G HIGH SPEED COMMUNICATIONS SERVICE TO FARAH PROVINCE

Over 100,000 Corporate and Consumer Clients Gain Access To Rapid, Global-Class HD Voice, Internet and Data Services

Kabul, Afghanistan?December 13, 2015?The Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), the nation's first mobile communications company, the founder of Afghanistan's mobile communications market and a leading provider of voice and data services to over 4,000,000 consumers and businesses, announced the expansion of its proprietary, 3.75G high-speed network service to Farah Province. The launch of the Company's 3.75G high-speed service was celebrated with a press conference, attended by senior officials from Farah's Provincial Government and Afghan Wireless.

The debut of AWCC's 3.75G high-speed service within Farah Province, highlights Afghan Wireless' commanding leadership of Afghanistan's mobile communications market.

AWCC's Farah based clients can now use their 3.75G high-speed wireless service, to send and receive the largest data files, access the fastest download speeds and utilize an array of the most innovative file sharing, streaming, video and data services.

In addition, over 100,000 business and individual clients in Farah will now have the option of selecting one of AWCC's eight customizable service plans to talk in the clearest most natural sound possible via AWCC HD VOICE Services. AWCC is the only network in Afghanistan to offer HD Voice coupled with the fastest broadband 3.75G network.

Together, these two solutions give AWCC subscribers the clearest voice calls possible and will also provide AWCC's clients with deep, robust indoor signal coverage throughout Farah. AWCC's clients can learn more about how to use their new high speed service by reading the Company's Frequently Asked Questions (FAQ), Information Sheet: http://afghan-wireless.com/internet-3g2g/3g-internet/3g-faqs/.

?The launch of AWCC's 3.75G service?our most innovative communications solution?is the latest success in our campaign to provide all of Afghanistan's major cities with high-speed communications services,? said Mr. Amin Ramin, AWCC's Managing Director.

?No other telecom in Afghanistan can compete with AWCC's national coverage, deep network infrastructure or level of consistent technological innovation,? said Ahmad Shah Lmar, AWCC's Regional Manager, South West Region.

About Afghan Wireless:

The Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), is Afghanistan's first wireless communications company and the founder of Afghanistan's wireless communications market. Launched in 2002 by Mr. Ehsan Bayat, Chairman of The Bayat Group (www.bayat-group.com), AWCC provides 2.5G, 3G and High-Speed 3.75G Voice, Data, Internet and Mobile Banking Services to more than four million Business and Consumer Clients, located in all of Afghanistan's thirty-four provinces. The Company has global partnerships with 425 wireless carrier networks in 125 countries.
