

AFGHAN WIRELESS LAUNCHES 3.75G+ HIGH SPEED BROADBAND SERVICES IN TAKHAR PROVINCE

Kabul, Afghanistan ? March 08, 2016 ? The **Afghan Wireless Communication Company (AWCC)** (www.afghan-wireless.com), the nation's first mobile communications company, the founder of Afghanistan's mobile communications market and a leading provider of voice and data services to over 4,000,000 consumers and businesses, announced the expansion of its 3.75G+ high-speed network service to Takhar Province.

Takhar is the eleventh province to join AWCC's rapidly expanding 3.75G+ network. Afghan Wireless' 3.75G+ service, the nation's fastest and most technologically advanced communications network, is now available in Badakshan, Farah, Helmand, Jalalabad, Kabul, Kandahar, Kunar, Kunduz, Laghman, Nimroz and Takhar Provinces.

The debut of AWCC's 3.75G+ services in Takhar was celebrated at an official reception, hosted by the Governor of Takhar Province, H.E. Alhaj Doctor Mohammed Naqoob Azari. The event was attended by governmental officials, tribal elders, senior executives of Afghan Wireless and representatives from Takhar's Academic, Business and Financial institutions.

AWCC's Takhar based clients can now use their 3.75G high-speed broadband service, to send and receive the largest data files, access the fastest download speeds and utilize an array of the most innovative file sharing, streaming, video and data services.

In addition, AWCC's business and individual clients in Nimroz will now have the option of selecting one of AWCC's service plans to talk in the clearest most natural sound possible via **AWCC HD VOICE** Services. AWCC is the only network in Afghanistan to offer HD Voice, coupled with the fastest broadband 3.75G+ network.

Together, these two solutions give AWCC subscribers the clearest voice calls possible and will also provide AWCC's clients with deep, robust indoor signal coverage. AWCC's clients can learn more about how to use their new high speed service by reading the Company's Frequently Asked Questions (FAQ), Information Sheet: <http://afghan-wireless.com/internet-3g2g/3g-internet/3g-faqs/>.

"We are honored to provide AWCC's global-class, high speed 3.75G+ communications services to our clients in Takhar," said Mr. Amin Ramin, AWCC's Managing Director. "Extending Afghan Wireless' 3.75G+ network to Takhar Province, illustrates our Company's commitment to provide advanced, high-speed communications to every region of Afghanistan."

The expansion of AWCC's 3.75G+ network to Takhar province, highlights AWCC's deep commitment to Afghanistan's economic growth and progress. Afghan Wireless, as the nation's largest private employer, provides employment to more than 6,000 Afghans through its direct operations and to more than 100,000 other Afghan citizens through its ecosystem of dealers and vendors.

About Afghan Wireless:

The Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), is Afghanistan's first wireless communications company and the founder of Afghanistan's wireless communications market. Launched in 2002 by Mr. Ehsan Bayat, Chairman of The Bayat Group (www.bayat-group.com), AWCC provides 2.5G, 3G and High-Speed 3.75G+ Voice, Data, Internet and Mobile Banking Services to more than four million Business and Consumer Clients, located in all of Afghanistan's thirty-four provinces. The Company has global partnerships with 425 wireless carrier networks in 125 countries.
