AFGHAN WIRELESS LAUNCHES 3G and 3.75G+ HIGH SPEED COMMUNICATIONS SERVICES IN KHOST

Khost Becomes Fifteenth Province To Join AWCC's Rapidly Expanding, Global-Class High Speed Communications Network

Kabul, Afghanistan ? June 29, 2016 ? Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), the nation's first mobile communications company, the founder of Afghanistan's mobile communications market and a leading provider of voice, data, Internet and mobile payment services to over 5,000,000 consumers and businesses, announced the expansion of its popular 3G and 3.75G+ high-speed network services to Khost Province.

Khost becomes the fifteenth province to join AWCC's rapidly expanding 3G and 3.75G+ network. Afghan Wireless' 3G and 3.75G+ service, the nation's fastest and most technologically advanced communications network, is now available in Badakshan, Baghlan, Balkh, Farah, Helmand, Jalalabad, Kabul, Kandahar, Khost, Kunar, Kunduz, Laghman, Nimroz, Takhar and Zabul Provinces.

AWCC's Business and Consumer clients in Khost can now use AWCC's 3G and 3.75G+ high-speed service, to send and receive the largest data files, access the fastest download speeds and utilize an array of the most innovative file sharing, streaming, video and data services.

In addition, AWCC is the only network in Afghanistan to offer **AWCC HD Voice**, coupled with the fastest broadband 3G and 3.75G+ network. AWCC's clients can learn more about AWCC HD Voice and how to use their new high speed service, by reading the Company's Frequently Asked Questions (FAQ), Information Sheet: http://afghan-wireless.com/internet-3g2g/3g-internet/3g-faqs/.

Afghan Wireless complimented the launch of its 3G services in Khost with a comprehensive public awareness campaign, which is providing new and existing clients with important information about the advantages of utilizing the Company's high-speed network services. AWCC's public information efforts include new radio, television, stationary and mobile advertisements announcing the availability of its 3G high-speed network. In addition, the Company has increased the number of customer service specialists available in its Khost-based AWCC Brand Shops.

?The launch of 3G services in Khost is the latest milestone in AWCC's successful strategy to provide every province in Afghanistan with access to our best-in-class high speed communications network and services,? said Mr. Amin Ramin, the Managing Director of Afghan Wireless. ?We will continue to serve our fellow Afghans by constantly developing new products, new services and new ways of connecting our nation to the world.?

About Afghan Wireless:

The Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), is Afghanistan's first wireless communications company and the founder of Afghanistan's wireless communications market.
