

AFGHAN WIRELESS LAUNCHES HIGH DEFINITION VOICE COMMUNICATIONS THROUGHOUT AFGHANISTAN

Kabul, Afghanistan?May 26, 2015?The Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), the nation's **first** mobile communications company, the **founder** of Afghanistan's mobile communications market and a **leading** provider of voice, data and mobile banking services to consumers and businesses, announced the launch of AWCC's **HD Voice Service**?a premium solution **available only to AWCC clients**?which dramatically improves the clarity and experience of mobile to mobile voice communications.

AWCC's HD Voice Service harnesses leading-edge innovations in **Adaptive Multirate Wideband Technology**(W-AMR), to provide clear, high-quality voice communications to AWCC's subscribers utilizing the Company's nationwide 2.5G and 3G network.

Available only to AWCC clients using HD Voice capable mobile devices, HD Voice Service provides AWCC's customers with the highest-quality, crystal clear, naturally sounding voice calls available in Afghanistan today. By using wideband technology and further noise cancellation feature enhancements now available on most Smartphones, AWCC's HD Voice Service also significantly reduces background interference.

Sensitive enough to detect and transmit the full range of the human voice, HD Voice Service allows AWCC clients to speak in their natural tones and be heard. AWCC's HD Voice Service means the end of broken-up conversations and muffled voices. HD Voice Service also provides businesses with crystal-clear conference calling capability. HD Voice enabled conference calls enables individual voices to be distinguished?even during multiple conversations.

?AWCC's HD Voice Service coupled with our vastly superior 3G (HSPA+) Internet delivery system proves once again that we drive innovation within Afghanistan's wireless communications sector?our clients enjoy services and voice communications quality that are unmatched by our competitors,? said **Amin Ramin**, AWCC's Managing Director. ?AWCC's HD Voice Service is especially essential for Afghan businesses?for example, companies that conduct large scale conference calls, customer service centers and emergency services providers?for whom clear voice communications are critical to their success.?

AWCC's subscribers now join a rapidly expanding worldwide community of 300,000,000 mobile subscribers who use HD Voice Services, highlighting AWCC's position as Afghanistan's premier provider of global-class communications services.
