

## AWCC LAUNCHES WA WA TOP SIM: NEW PLAN PROVIDES BEST SPEED, BENEFITS AND VALUE TO SUBSCRIBERS

**Kabul, Afghanistan?February 5, 2020?**Demonstrating its unmatched leadership in providing Afghans with innovative communications services, **Afghan Wireless Communication Company (AWCC)** ([www.afghan-wireless.com](http://www.afghan-wireless.com)), Afghanistan's leading provider of 4G LTE, HD Voice, Data, Entertainment and Mobile Payment services to over 5,000,000 consumers and businesses, announced the launch of **AWCC Wa Wa Top Sim**?the nation's first and most affordable data and voice communications plan.

Wa Wa Top Sim addresses the exponentially growing demand from AWCC subscribers for robust, scalable and competitively priced wireless broadband services. Wa Wa Top Sim's solutions are especially appealing to a rising, globally engaged generation of Afghan youth?a group who live their lives as digital citizens, and utilize large amounts of data to communicate via social media, conduct e-transactions and connect with friends and family, here in Afghanistan and throughout the world.

Incorporating Afghanistan's fastest 4.75G communications network and the most subscriber benefits available from any communications plan, subscribers enrolling in AWCC's Wa Wa Top Sim plan will receive an exciting and unmatched set of rewards, including:

**The Best Call Rate To All Operators:** The most affordable call rates available for voice calls made on AWCC's communications network and other networks. With Wa Wa Top Sim, AWCC subscribers can make calls using AWCC's network and other networks, starting at 3 POL per second.

**Top Sim Per Second Billing Pulse:** Wa Wa Top Sim's to the second charge accuracy?the best in the industry?means that subscribers will pay only for the airtime they use.

**Data bonuses** of up to 6.25 GB each time a subscriber tops up their wireless account.

?AWCC's Wa Wa Top Sim plan demonstrates once again that Afghan Wireless leads our industry in providing communications solutions that give all Afghans the ability to connect and communicate with the world,? said Dr. Ehsanollah Bayat, the Founder of Afghan Wireless and the Chairman of The Bayat Group. ?AWCC is committed to our culture of intensive innovation, so that we can provide our country with the most advanced communications capabilities, not just for the present, but for all the years to come.?
