

AWCC WON ASIA TELECOM AWARD 2024!

Kabul, Afghanistan?March 01, 2024 ?The Afghan Wireless Communication Company (AWCC) (www.afghan-wireless.com), the nation's first mobile communications company, the founder of Afghanistan's mobile communications market and a leading provider of voice and data services to over 5.5M consumers and businesses, announced that the company has been recognised as Afghanistan's?Telecom Company of the Year?at the 2024 Asian Telecom Awards 2024 which was awarded on February 29, 2024 in Singapore.

Selection of Afghan Wireless for this award clearly indicates AWCC as Afghanistan's top & leading network, demonstrating Afghan Wireless's technological leadership, modern network, social services & humanitarian assistance making Afghan Wireless the preferred network in the country.

This awesome win proves that AWCC is all about keeping customers happy, satisfied and pushing boundaries with its innovative approach to providing first class telecom service & products!?

This achievement would not have been possible without the unwavering support of our dedicated team spread across the country and the trust and loyalty of our valued customers.

We are truly humbled and encouraged to continue delivering innovative solutions and exceptional services to our community in Afghanistan with a flourishing social media platform. The Company's Facebook page alone is now one of Afghanistan's most popular social media channels, with over 6 million followers enjoying an array of diverse content.

?We are honored to receive this prestigious award from the Asian Telecom Awards 2024. This award acknowledges AWCC unwavering dedication to delivering top-notch telecommunication technology services, best products, services & digital solutions to our valued customers. We remain committed to delivering exceptional user experience and driving innovation in the telecommunications industry. AWCC will continue to leverage its expertise, harness technological advancements, and spearhead transformative initiatives that shape the future of telecommunications in Afghanistan benefiting the people and country? said Mr. Aliullah Sarwari, CEO, AWCC.

About Afghan Wireless:

Afghan Wireless is the nation's first Telecom Company with the largest microwave backbone across 34 provinces. We are the first LTE, only HD voice and Apple certified network in Afghanistan. For over two & half decades, Afghan Wireless has driven the rapid growth of our nation's communications market, through its innovative development of global-class High-Definition (HD) Voice Communications, LTE Internet, and Mobile Payments Services. We are the only operator with a microwave and fiber optic backbone covering all the provinces. We provide seamless highway coverage on all major highways which include ? Kabul to Herat, Kabul to Mazar, Kabul to Turkham, Mazar to Herat, and Kabul to Faizabad. Till date Afghan Wireless has invested over 600 million dollars and has played a key role in the reconstruction and development of Afghanistan by creating 7,500+ direct and over 100,000 indirect jobs.

Today we have over 5 million satisfied customers. We handle over 5.5 million calls every day and help millions of Afghans to connect to the world.
