Afghans love their Football?so, I'm very happy to announce that **Ariana Television Network (ATN)** (www.arianatelevision.com), part of The Bayat Group family and Afghanistan's premier broadcaster of award-winning television and radio programming to 25,000,000 Afghans, has acquired the exclusive broadcast rights, in Afghanistan, for FIFA's 2016 World Cup Qualifying Matches.

And in 2016, our partnership continues stronger than ever?beginning with with the telecast of Paraguay vs. Iran on September 24, 2016.

But that's just the beginning. ATN will be broadcasting the entire roster of competitions, leading up to the Qualifying Final Game, scheduled on October 1, 2016. ATN's audience of more than 25,000,000 viewers, will be spectators to some of the world's most exciting and fiercely competitive football, including:
